About the campaign

- EVOLTA is not just the ultimate long lasting energy Panasonic battery; it consistently outperforms our competitors' premium products in commonly accepted performance tests.
- Panasonic launched an awareness campaign for Evolta batteries in Apr'21

Goals

- Build awareness about Panasonic Evolta batteries that boast high power and last 20 times longer as compared to standard zinc carbon batteries* in high powered devices such as photo flash and toy cars.

Interactive storyline

- Engaging first creative ft. brand's mascot and brand communication, asking viewers to engage on tap.
- Leading viewers to brand's quiz centred around product's USP of lasting 20 times longer than standard Zinc batteries.
- Upon correctly answering the brand quiz, viewers are taken to a short video film made for the campaign. CTA leads viewers out to brand's landing page.
